Section 3. All Bargaining Unit members shall be physically and mentally fit for duty.

Section 4. All Bargaining Unit members will submit to an annual physical examination by a licensed physician of the City's choice and at the City's expense every year. Should a Bargaining Unit member refuse to cooperate with testing, including refusal to submit to the test at the time ordered, such refusal shall result in disciplinary action.

Section 7. In testing for the presence of alcohol, the City shall use any generally accepted testing procedure including, but not limited to, any state approved breath testing device. Should a test substantiate that the member is under the influence of alcohol while on duty, the member will immediately be relieved from duty pending disciplinary action.

Section 9. In testing for the presence of drugs, the City shall use an initial screening procedure such as EMIT. If the initial screening test is positive, a confirmation test such as gas chromatograph/mass spectrometry (GC/MS) will be performed. Should a drug test substantiate the use or influence of drugs, the member shall immediately be relieved of duty pending disciplinary action.

Section 10. Within five (5) working days after receiving notice of a positive confirmed test result, the member may submit a written memorandum to the Police Chief offering an explanation for the confirmed positive test. Section 14. Medical clearance from a licensed physician will be required before a member will be allowed to work following any injury resulting in the member missing one or more days of work. At its discretion, and if approved by a licensed physician, the City may assign injured members to light duty. This section pertains to injuries occurring both on duty and off duty.

Section 15. Medical clearance from a licensed physician will be required before a member will be allowed to return to work following an illness resulting in the member missing three or more work days.

Section 16. Nothing herein shall be construed to prevent any supervisor or commanding officer from relieving a member from duty when it appears such action is necessary to ensure the safety, health and welfare of the member, other employees, or the public. Any person so relieved shall be instructed to report to the office of the Chief of Police at 9:00 AM on the following business day.

Section 17. Except through voluntary participation in the Employee Assistance Program, no physician-patient relationship is created between any member and the City or any person performing or evaluating a test, solely by administration of a testing program. The City or its designee shall have access to all member testing information. If discipline is brought under or related to this Article, the City or its designee, as well as the laboratory which conducted the test, shall have access to the member's testing information where the information is relevant to its defense in a civil or administrative matter.
